Fire Department News

Reminder: Burn permits are required April 15 – October 15.

Confirm...before you burn! Check Environment Canada's daily ventilation index for Central Vancouver Island to confirm if burning is permitted. Outdoor burning is restricted when the index is POOR or FAIR. The conditions must be GOOD on the day you burn as per DBID Bylaw No. 223. Be considerate of your neighbours when burning so you don't impact their daily routine or health. Burn materials hot, infrequently and ONLY when venting permits so the smoke goes straight up.

Venting index information available at: <http://www.env.gov.bc.ca/epd/epdpa/venting/venting.html> or call 1-888-281-2992
